EXPERIENCE

Albert Services, West Carrollton Ohio — *Graphic Designer & Marketing Lead/Customer Service Representative*

December 2017 - PRESENT

For the last two years, I have been the Graphic Designer, Customer Service Rep. and lead marketer for Albert Services, a plumbing, heating, and cooling company. I am in charge of putting out the designs for the postcards that fit exactly the owner's expectations, all while giving advice on the total design of the product.

The Future of Design, Beavercreek Ohio — *Graphic Designer & Assistant Manager*

November 2016 - December 2017

At The Future of Design, I was responsible for customer relations, quality control, and time management among the graphic designers. In short, I made sure we made our best product in a timely manner that fit the needs of the customer. All while maintaining the needs of a retail store.

The Cakery, Riverside Ohio — *Front Counter*

February 2016 - March 2017

Front Counter was a job that consisted of customer services and making sure the front cases are stocked completely. As the front counter, I was in the front lines of dealing with customers and taking down detailed orders for the cake decorators to fulfill the customer's wants and needs.

EDUCATION

Kettering Fairmont High School, Kettering Ohio — *High School Diploma*

August 2011 - April 2015

Throughout my High School career, I pursued entry to Graphic Design Classes at a college level. I finished many courses regarding this subject and all my primary courses as well. Going far as even Teacher Assisting Graphic Design classes.

Sinclair Community College — *Visual Communication*

Fall 2020 - Intend to return

I am still pursuing my degree, however, that does not reflect my performance in the Graphic arts field.
